MEET SCOOTER

COUNTRY HEART. OPEN ROAD.

"The second the ride starts,
everything else gets a little quieter."

BRITTANY "SCOOTER" / RIDER FEATURE

My name is Brittany but everybody calls me Scooter. I'm 26. I've been riding for a few years now, and there's a feeling I get every time I'm on a motorcycle that I can't quite put into words. The second the ride starts, everything else gets a little quieter. I love riding Street Glides and Road Glides, feeling the power of those bikes and imagining where the road could take me next.

I haven't pulled the trigger on a bike of my own yet because I'm waiting for the one that feels right. And when I find it, I want to make it completely mine. I'm talking about a deep custom Harley that turns heads, has some attitude, and reflects who I am. I've got plenty of ideas, I'm just waiting for the right time to bring them to life.

I recently moved to Florida and started working at Bert's Barnyard Harley-Davidson. I may be new to the area, but I'm already building my pipeline and getting to know the riders who come through our doors. I have hearing about, and what's holding them back from going after it. Helping somebody find a motorcycle is they're excited to ride is the kind of work I can put my whole heart into.

I'm energetic, I love spending time at the beach, and I'm doing in everything Florida has to offer. But no matter where I live, I'll always be a country girl at heart. Give me good people, a great bike, and an open road, and I'm right where I want to be.

If you're thinking about getting your first Harley, finding your next one, or just want to talk shop, come see me at Bert's Barnyard and ask for Scooter. You can also call me at (573) 217-9244. I'd love to help you find the bike you can't wait to make your own.
